ALLAS PROBEPROMOTER WILL PROBABLY ABANDON PUBLISM AND DEVOTE HIS ATTENTION TO Ningara Falls HIS VARIOUS BUSINESS INTERESTS.

Dollar, Tes. March 21. A friend of Dan A Street Gas received a telegram from the successful promoter of the Corbett Fitzsimforces match stating that he will errice in limilan on Wednesday unless prevented by something not now noticipated, and that he will make Palius his permanent abiding PROMISING LOT WOR THE PIRST BIG | place besenfter. Stuart says be will return TURE EVENT. THE TENNESSEE by way of Sagramonio, San Francisco, Los Aogoles and Et Paso. Sinert's friend, in talking of the big promoter's plans, said: "He has fulfilled bis ambition of the last muon, Bercinir, Row lifest and Loki were simmons together in a finish fight, to estabmanied as among the probable starters in linh the real world's heavy-weight cham-Ploushly title. The fact is, Stuart has no real liking for pugilism or pugilists. He originally went into this Corbett Fitzsiminous venture as a business proposition for bluself and his home town of Dallas. Circhimitances and events took such peculiar turus as materially to change his plans and jurposes to a considerable degree, and to arouse his personal pride and tenacious nature, and without regard to selfish interests he determined to accomplish the settlement of the championship problem, if he didn't make a cent. He has come out winner in all interpretations of the term, and is now vittere. Dr. Whusley. Arlungton. Botherges and no retire."
Stuart also in his telegram ears the pic-

wraithy men-Americans and Mexicans-is one of the most important concresions ever made be the Mexican Government, Includwill race this season. Then there are back ing enterprises embodying extensive electrical privileges, on which he caperts to make at least \$1.400,000 within the next fre years. The concessions are principally in the states of Tamaulipas and Neuvo Leon.

OVER A MILLION WORDS. San Francisco, Cal., March 21.-The remarkable interest manifested in the big contest at Carson City is fairly demonstrated by the following figures showing the number of words received by telegraph by the various newspapers in this country from the 5th of March until the 18th inst.: FIRST FOAL-NAVARRE'S BROTH- tion at Bt. Louis the Western Union Telegraph Company transmitted 422,000 words over its wires on the day that President Mc-Kinley was nominated. On the day of Bryan's nomination at the Colleges in Chicago by the Democratic National Courenwords. From Carson City, Nev., on March 17th. 380,000 words were trensmitted. On . the 16th, the day before the fight, 125,000; words, and on the 15th 16,000 words. From the 5th to the 14th Inst., inclusive, 455.175 words passed over the Western Union wires. from Carson City, thus showing that from the time the interest in this event and centered at Carson the press of this country received a total of 1,086,155 words of prise-

fight news by telegraph from that city. COST OF THE BIG FIGHT. The estimated cost of the Corbett-Fitssimmons fight, that is, the amount of money expended on account of it, as Squeed Cap. the half-sister to last senson's Potos: by the New-York World, is an follows: winner. Ogden: a black filly by Royal ; Pald to telegraph companies for tickee and special-wire service, newspaper and private ing-car service and minor expenditures in-The \$10,000 benther to Henry of Navarre, eldental to travel, \$700,000; admission to s chestnut, marked like the winner of the prens, average cost \$20, \$80,000; commis-Suburban of 36, in the stable of the slope of pool-setters, \$70,000; privileges of pool-sellers. \$70.000: privileges at arena, \$10,000; cost of arena, \$10,000; entra cost brother to Requital, winner of the Futurity to newspapers to furnish news, aside from of '95 and the Resligation of '88, is named | telegraph tolls, \$200,000; expenditures at botels, saloous, billiard-rooms and places of emusement on rout end in Corson City. (f. H. P. Belmont's chestaut calt, a full \$200,000; profits of pawabrokers in commissions and unredeemed pledges, \$30,000;

To this might be added an item which the World overlooked, the purchase price of the millions of extra newspapers, containing news of the fight, bought by the interested public. This should figure up a good found sum, which would bring the total to \$3,000,000, perhaps over.
